NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call toll-free at 888-865-5813 or visit www.kp.org. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$875 / individual or $1,750 / family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive services, emergency room care, emergency medical transportation, services subject to a copay, prescription drugs, home health care, hospice services, preventive dental services, and vision services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. $150/visit for emergency room care; $150/trip for emergency medical transportation; Dental services - $25/individual or $50/family. There are no other specific deductibles	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	$6,000 / individual, $12,000 / family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance billing, penalties for failure to obtain preauthorization, infertility treatment, chiropractic services (except spinal manipulation), hearing aids, dental or vision services (except those covered under major medical), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.kp.org or call 1-888-865-5813 for a list of Kaiser HMO network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and

Important Questions	Answers	Why This Matters:
		you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes, written referral is required to see some specialists. However, you may self-refer to obstetricians, gynecologists, dermatologists, psychiatrists, behavioral health specialists, optometrists, and ophthalmologists.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.
